

24th Annual PQSynergy™ International Conference & Exhibition 2026

SCHEDULE ANNOUNCEMENT
September 21 - 22, Bangkok—Thailand
Venue: Paradox Bangkok Sukhumvit

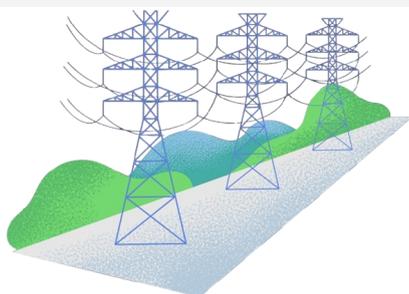

Mark your calendar

PQSynergy™ is an international forum to share experiences, requirements, questions, information, customer requirements, problems and solutions in the fast growth area of Quality of Supply (QOS) requirements of sensitive loads, Energy Conservation and Management and Power Quality Monitoring and Solutions. The conference is held normally in Thailand but occasionally is relocated around Asia.

- Utilities will share their experiences in the area of power quality
- Large power users will share their present and future expectations for power quality
- Equipment suppliers will share their overall market perspective and their specific solutions for power quality problems

SCOPE OF PAPER

Power Quality Monitoring and Solutions

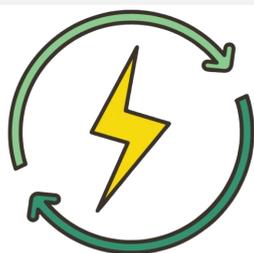

Smart Grid

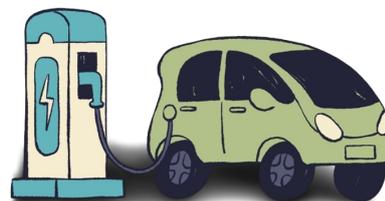

Energy Conservation and Management

Compatibility & Compliance

Electric Vehicle & EV Charging Station

CONFERENCE PROGRAM

Monday September 21st

Power Quality: Power Quality day with special focus on new sources of PQ data for electrical distribution networks (Smart meters with PQ, Low Voltage transformer monitoring, substation monitoring), impact of Smart Grid and IEC61850 & digital relays.

Tuesday September 22nd

Energy Efficiency & Renewable Energy (morning session): Energy Efficiency day with special focus on energy losses in the electrical distribution network, conservative energy technology and solution, renewable generation (solar, wind, biofuels) and the impact on electricity supply.

Electric Vehicles & Impact on the Quality of Supply from the Utility (afternoon session): While the electric vehicle (EV) market has accelerated significantly and EV infrastructure continues to grow, there are still a number of important challenges to address.

CONFERENCE SCHEDULE

Monday August 3rd
Abstract Submission

Monday August 10th
Notification of Acceptance

Monday August 17th
Final Full Paper Submission

****Note: Sponsor/exhibitor and speaker can bring one accompany to attend the conference with FREE of charge**
